Creator sits. The first thing that they did to me was this: They took me to a lodge at night; there they talked and sang. Then the second night the tobacco bundles were made; then the great old medicine men were given tobacco. After this came the four nights' preparation. Then came the great medicine dance. Then they went after those that were going to join, one at a time. They, the medicine men, were repeating what the Hare had done. When the Hare came on earth he performed certain actions, and that is what they were repeating now. Hare had visited the different spirits, it is said, looking for a means of life, it is said. The old medicine men possessed the good tidings that Hare had brought to this earth. That is what the people desired of Hare, it is said. 159 756

When they entered, the first person to whom tobacco had been given, i. e., the one first invited, entered first. Then the others followed in turn. Then he talked; then the one who initiated me expressed his thanks, saying, "You medicine men, this affair the Hare has given you, you are repeating in order to bless us. For that reason you have come. We ask you to give to this person whom we are about to initiate the life you have obtained for us. We ask that the newly initiated one travel along that road."

Then the first person spoke, and after that they all ate. When he was through they heated a stone. After that they all entered in regular order and I was asked to go in with them. Thus I entered the sweat-bath lodge. When I was inside they told me that the stone which they had heated was a spirit. "The life that he brought I should ask for," they told me. After that we went out again.

At night we entered again. Then at about 2 o'clock they took me out to the brush. Not until then was I to learn what the medicine men really did. When we got to the brush they made me sit down and the man who was initiating me turned me over to the others. He said, "I turn him over to you. Whatever the elders have taught you, that we desire you to tell him." When he finished the first one began to talk, saying, "It is good that you are such a person. Earthmaker must have willed it so. In the olden times if a person wanted to join the medicine lodge he could not do it until he was quite old." Then he continued preaching to me. When Earthmaker first came into the world and what happened after that, how he created all things: that he told me. He told me that Earthmaker created four worlds, in each of which he placed men and women; that the heavens we see represent the last man he created and the earth we are living on the last woman he created. Then he told how *Hereguning* was created. The story is as follows: Earthmaker created man, whom he wished to put at the head of the world, but he did not make one of his legs quite right. Then he threw him down to the earth because when Earthmaker made anything wrong 159 756 881 868 [773]

159 he never did it over again. *Herreguninu* lived on earth from that
756 time on, and it is said that he also created things. Indeed, it is said
881 that he was almost the equal of the Earthmaker. He made the people
868 very miserable. Then Earthmaker sent four of his sons (to save the
773 people). Hare alone, of all the four, accomplished what he had been sent out for. All the rest failed. Hare obtained life for the people upon this earth.

Then the man told how the medicine lodge had been founded; how all the spirits upon the earth and all those under the earth and all those above the earth gathered together. They brought life with them. Then the medicine bags began to come. First came the eagle. He came from above. Next came the hawk, and then the squirrel, etc. The otter was the last one. Then the old man stopped talking to me and another person began to admonish me. He told me how I was to conduct myself. Then he spoke to me of the medicine-lodge road (i. e., of life) and what happens after life.

159 The first thing that I would meet on the road would be bad birds
756 making a lot of noise. "Do not look at them," he told me. They
868 would let fly at me bad-smelling saliva and phlegm, but I was not
776 to turn around, he said. Then the road would become thickly covered with thorn bushes. It would seem almost impossible to untangle them. I was, however, not to pay any attention to them, he told me. On the road, fires would send their sparks toward me, but I was to pay no attention to them. After a while I would lose one of my relatives, but I was to keep right on. I was not to get angry nor to give up, and after a while the road would become thickly covered with poplars growing on each side. Then the hair on my temples would become gray. This is what would happen to me, he told me, if I paid close attention to this ceremony. After a while it would become foggy - i. e., my eyesight would grow dim. Then I would come to a hill, one of four hills. When I came to the last hill there I would see red cedar trees. This is what would happen to me if I paid close attention to this ceremony, he told me. My soul would return to Earthmaker and I would then be allowed to come back to this earth if I wanted to.

159 Then they gave me the object with which they shot themselves
756 the shell. They shot me. After that they made me try to do it,
796 and when I was able to shoot well, we all came back. It was now
881 daylight. Now they put clothes on themselves and arose. Those who were initiating me then spread upon the ground the things which had been brought. Then the leader spoke. He told me that he would put me on the medicine-dance road. Then they sat me down there and shot me. Then the clothes that I had on were taken off and I was given other clothes. I was now told that I was standing on the medicine-dance road. After that they danced all day. In the evening they stopped. Now this is what I did; this is all I can say. I greet you, my friends.
